Opportunities and what I'd do

Priority	Opportunity	Why it matters	What I'd do
High	**No website on the listing**	Maps visitors can only call; there is nowhere to check services or prices.	Build a simple one-page site and link it to the listing.
High	**Newest reviews have no replies**	Replies show new customers someone is minding the shop.	Reply to the last 10 reviews, then every new one within a week.
Medium	**Only 10 photos**	Listings with recent photos get more clicks and calls.	Add 10 to 15 photos: storefront, bays, team, finished work.
Medium	**Category is Tire shop only**	Inspections and repair searches may skip you.	Add secondary categories such as Auto repair shop and Inspection station.

See what a simple site could look like. I built a free sample page for Big Moe's Tire & Auto Repair at **mymabry.com/previews/big-moes-tire-auto-repair**. It uses only what is already on your Google listing, and it is hidden from search engines. It is yours to keep or ignore.

Every item above is something you can fix yourself. If you'd rather hand it off, my Google Presence Optimization service takes care of it for a flat monthly fee, with no long-term contract. Reply to my email or call the number in my signature and I'll walk you through it.
