Opportunities and what I'd do

Priority	Opportunity	Why it matters	What I'd do
High	**No website on the listing**	Google shows an "Add website" prompt; Maps visitors can only call.	Build a simple one-page site and link it.
High	**Phone numbers don't match**	At least one directory lists a different number than Google.	Correct the number on directories so every listing agrees.
Medium	**Only 3 photos**	Few photos make the shop look less established than it is.	Add 10 to 15 photos of the shop, bays and team.
Low	**Missed-call complaint in reviews**	A recent review describes several unanswered calls.	Add a website contact form so people can reach you when lines are busy.

See what a simple site could look like. I built a free sample page for Flanigan Auto Repair at **mymabry.com/previews/flanigan-auto-repair**. It uses only what is already on your Google listing, and it is hidden from search engines. It is yours to keep or ignore.

Every item above is something you can fix yourself. If you'd rather hand it off, my Google Presence Optimization service takes care of it for a flat monthly fee, with no long-term contract. Reply to my email or call the number in my signature and I'll walk you through it.
