Opportunities and what I'd do

Priority	Opportunity	Why it matters	What I'd do
High	**Template text in the website gallery**	Slides still read "Slide title" and "Write your caption here".	Replace with real project photos and captions.
Medium	**Business name doesn't match**	Google says Heating and Air; the site says Heating, Cooling & Electrical.	Use one name everywhere Google sees it.
Medium	**Page title omits Danville**	The title is just the company name.	Retitle to "HVAC Repair and Installation in Danville, VA".
Low	**No contact form**	Homeowners often prefer to request service online.	Add a service request form.

Every item above is something you can fix yourself. If you'd rather hand it off, my Google Presence Optimization service takes care of it for a flat monthly fee, with no long-term contract. Reply to my email or call the number in my signature and I'll walk you through it.
