Opportunities and what I'd do

Priority	Opportunity	Why it matters	What I'd do
High	**Listing is unclaimed**	Google shows "Claim this business"; anyone can suggest edits, and you can't reply to reviews.	Claim and verify the listing.
High	**Newest reviews have no replies**	279 reviews is a lot of goodwill going unanswered.	After claiming, reply to recent reviews and every new one.
Medium	**Listing links to Facebook**	Mobile tire service deserves a page customers can find on Google.	Build a simple site with a mobile service section.

See what a simple site could look like. I built a free sample page for Lee's Tire & Wheel at **mymabry.com/previews/lees-tire-wheel**. It uses only what is already on your Google listing, and it is hidden from search engines. It is yours to keep or ignore.

Every item above is something you can fix yourself. If you'd rather hand it off, my Google Presence Optimization service takes care of it for a flat monthly fee, with no long-term contract. Reply to my email or call the number in my signature and I'll walk you through it.
