Opportunities and what I'd do

Priority	Opportunity	Why it matters	What I'd do
High	**Google rating trails CARFAX**	4.1 on Google versus about 4.8 on CARFAX; Google is where most people look first.	Ask satisfied customers for a Google review with a short link or counter card.
High	**Newest reviews have no replies**	None of the five newest had a reply when checked.	Reply to every review, especially the critical ones, within a week.
Medium	**Listing links to Facebook**	Facebook isn't a website to Google and shows little to non-members.	Build a simple site and link it; keep Facebook as a secondary link.

See what a simple site could look like. I built a free sample page for Southern Automotive at **mymabry.com/previews/southern-automotive**. It uses only what is already on your Google listing, and it is hidden from search engines. It is yours to keep or ignore.

Every item above is something you can fix yourself. If you'd rather hand it off, my Google Presence Optimization service takes care of it for a flat monthly fee, with no long-term contract. Reply to my email or call the number in my signature and I'll walk you through it.
